

Special Issue

Sustainable Strategic Operations and Management in Business

Message from the Guest Editors

Sustainability governance (SG) is a strategic approach for connecting strategic objectives to sustainability initiatives, and comprises the dimensions of capability development, regulations, and control (Li et al., 2014; Wang and Sarkis, 2017). This Special Issue aims to identify the important governance–performance relationships that SG can create, and to encourage debate and conversation about this important strategic approach to sustainability. Recommended topics include, but are not limited to, the following: Sustainability capability development; Sustainability regulatory systems; Sustainability management control systems; Sustainability as a strategic function; Sustainability–performance relationships; Sustainability governance in the supply chain; Governance of sustainability performance in supply chain; Sustainability governance in specific industries, such as construction and food; Interplay between sustainability governance and operations management practices including JIT, lean and agile; Sustainability governance disclosure.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:
