

Special Issue

Digital Transformation of Agriculture and Rural Areas-Second Volume

Message from the Guest Editors

Dear Colleagues:

The aim of this Special Issue is to highlight how digital technologies could make a significant contribution to the transformation of agriculture and rural areas in order to achieve sustainability. The potential topics include, but are not limited to:

- Digital transformation of agriculture;
- Information systems in agriculture;
- Electronic and mobile services in agriculture
- Cloud computing;
- Machine learning;
- Artificial intelligence;
- Smart mobile devices;
- Mobile applications (apps);
- Agricultural data, data analysis, and data design;
- IoT in agriculture;
- Agricultural modelling;
- Information processing and management;
- Software engineering;
- Blockchain for the agricultural sector;
- Agricultural traceability and food safety;
- Decision support systems;
- Precision farming;
- Simulation and optimization of agricultural systems.

Sotirios Karetzos

Guest Editors

Dr. Sotiris Karetzos

Prof. Dr. Constantina Costopoulou

Dr. Maria Ntaliani

Dr. Konstantinos Demestichas

Deadline for manuscript submissions

31 December 2025

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
