

Special Issue

Application of Time Series Analyses in Business Sustainability

Message from the Guest Editor

The application of and time series analyses in business is currently at an early stage. This Special Issue of the Sustainability Journal is devoted to the publication of high-quality papers in time series analyses. This themed issue welcomes all views on the application of time series analyses in business with all types of papers (empirical, theoretical, & analytical) and case studies.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
