

## Special Issue

# Traditional Knowledge, Revitalization, and Sustainability

### Message from the Guest Editors

This Special Issue is open to contributions from all disciplines and regions but would be particularly directed towards environmentalist, social science, and humanities scholars and invite a wider range of articles on issues relating to traditional knowledge, revitalization, and the impact on environmental, social/cultural, and economic sustainability. Multidisciplinary contributions are especially welcome. Keywords

- sustainability
- revitalization
- traditional knowledge
- biological diversity
- conservation
- environmental management
- local governance
- customary use
- community-based monitoring
- indigenous peoples
- local communities

**Abstract submissions: 31 January 2021.** Upon acceptance of the abstract the deadline for **full manuscript submissions 31 May 2021.** Papers will be published on an ongoing basis (feel free to contact us if an extension is needed).

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
