

## Special Issue

# Urban Resilience and Participation for Territory Safety from External Risks

### Message from the Guest Editors

This Special Issue intends to investigate the topic of risk in relation to the concept of resilience in urban and spatial planning, participatory methodologies, technologies, instruments and policies that could significantly improve future approaches to the issue of the safety, sustainability and regeneration of territory from external risks. Potential topics include, but are not limited to:

- Land use and planning;
- Stakeholder participation;
- Urban resilience;
- Urban sustainability;
- Urban regeneration;
- Added safety;
- Mitigation action;
- Natural-based solution;
- Technologies (GIS, etc.);

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
