

Special Issue

Research on Sustainable Business Ecosystems and Corporate Governance

Message from the Guest Editors

The aim of this Special Issue is to investigate the essential theoretical, empirical, and contextual elements associated with the development and execution of sustainable business strategies, ESG strategies, sustainable models, and practices from a business ecosystem perspective. The submissions include the following topics:

- Interactions between ESG, sustainable development, and digital marketplaces;
- evaluation of ESG in digital markets at the corporate, sectoral, and/or macroeconomic level;
- impact of ESG and sustainability on online marketplaces and its stakeholders, including government, employees, customers, communities, and suppliers;
- assessment of ESG expenditures and efficacy in the decision-making processes of online marketplaces;
- consequences of proficient or deficient ESG practices and communications by digital markets;
- ESG and sustainability measures for small and medium-sized enterprises and startups in digital marketplaces;
- challenges pertaining to ESG and sustainability for expanding online platforms within the media and entertainment sectors;
- business models for digital marketplaces, with ESG factors and sustainable development.

Guest Editors

Dr. Konstantina Ragazou

Prof. Dr. Nikolaos Sariannidis

Dr. Georgia Zournatzidou

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
