

Special Issue

Sustainable Operations Practices, Performance and Management

Message from the Guest Editors

This Special Issue (SI) focuses on the latest developments in sustainable operation practices and management, such as the adoption of environmentally friendly technologies, decision optimization, operations research, strategic management and corporate social responsibility (CSR) programs, their performance and benefits impacting workers and other stakeholders, as well as inspiring further sustainability concerns. We earnestly invite scholars from various backgrounds and study areas to submit papers and reports related to the field of sustainable operations.

- sustainable operations
- environmentally friendly technologies
- decision optimization
- operations research
- coordination mechanism
- strategic management
- CSR programs
- emission reduction
- energy efficiency
- resource conservation

Guest Editors

Prof. Dr. Hui-Ming Wee

Dr. Yosef Daryanto

Dr. Mauricio F. Blos

Dr. Yugowati Praharsi

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
