

Special Issue

Environmental Policy as a Tool for Sustainable Development: 2nd Edition

Message from the Guest Editors

Environmental policy is creating a favorable context for addressing pressing issues of sustainable development, and it serves as a means to achieve sustainable development by addressing environmental, social, and economic dimensions of sustainability by establishing a framework for resource management, economic growth, climate change mitigation, biodiversity conservation, pollution control, waste management, environmental justice, international cooperation, education and awareness, long-term planning, stakeholder engagement, monitoring and evaluation. The Issue aim to collate papers within the following potential areas: energy transition, phasing out of fossil fuel subsidies; Climate Action; investment in climate adaptation and resilience measures; biodiversity conservation; regulations to prevent illegal wildlife trade and protect endangered species; sustainable agriculture; reduction of chemical pesticide and fertilizer use; circular Economy; social equity; natural resource management; green technology Innovation; international cooperation; environmental education and public awareness; long-term planning and reporting... We look forward to your submissions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
