

Special Issue

COVID-19 and Urban Inequalities: Spatial and Digital Dimensions

Message from the Guest Editors

This Special Issue welcomes the following topics, but is not limited to:

- Spatial and temporal inequality in COVID-19 diagnosis, treatment and rehabilitation
- Spatial and temporal patterns of environmental exposure to COVID-19 virus in the context of mobility restrictions
- The spatial, socio-economic and behaviour determinants of the heterogeneous risks of exposure to COVID-19 virus
- Inequality of impacts of digital infrastructure on monitoring, tracking, and supporting the COVID-19 control measures
- Inequality of impacts of governance practice on COVID-19 health risks, prevention and intervention
- Innovative methods of collecting data, analysing patterns, and modelling dynamics related to COVID-19 health inequalities

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
