

Special Issue

Future of Sustainable Smart Cities: User Experience and Policy Perspectives

Message from the Guest Editor

This special issue in the journal *Sustainability* welcomes research focusing on user's characteristics, utilization, and perceptions of smart technologies in a smart city context. Similarly, research related to the policies, governance, regulations, and implementation of smart ecosystems are encouraged to submit to this special issue. The scope of this issue also covers smart tourism and smart tourists, as well as both urban and rural destinations.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
