

Special Issue

Advancements in Entrepreneurship, Economic Analysis, and Business Strategy from a Sustainable Perspective

Message from the Guest Editors

This Special Issue, "Advancements in Entrepreneurship, Economic Analysis, and Business Strategy from a Sustainable Perspective", aims to explore the synergies between sustainable practices and corporate growth. It focuses on how entrepreneurship can drive economic development while adhering to sustainability principles, offering a holistic vision that is both innovative and pragmatic. This Special Issue seeks to serve as a valuable addition to the existing literature by providing insights and contributions that highlight the tangible integration of sustainability into business models and strategies. Our scope encompasses the latest trends in sustainable business practices, the impact of Environmental, Social, and Governance (ESG) policies on organizational behavior, and the role of innovation in creating responsible business models. We welcome research employing quantitative, qualitative, or mixed-method approaches to define, measure, and monitor sustainability through cutting-edge tools and applications.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen
