

Special Issue

Sustainable Strategies for Resilience

Message from the Guest Editors

We are delighted to announce a call for papers that focuses on sustainable strategies aimed at enhancing resilience. Researchers are invited to explore and analyse case studies or undertake comparative case studies to investigate effective approaches for building resilience in domains including cities, organizations, ecosystems, and communities. Keywords

- sustainable strategies
- comparative case study
- urban resilience
- organizational resilience
- ecosystem resilience
- community resilience
- resilience in critical infrastructure
- resilience in value chain

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
