

Special Issue

Sustainable Transportation Systems and Travel Behaviors

Message from the Guest Editors

This Special Issue aims to address these challenges by encouraging the submission of high-quality research that explores the intersection of sustainable transportation systems and travel behaviors. We invite papers focusing on novel approaches, innovative research, and case studies that provide insights into how cities can transition to sustainable transportation systems and how travel behaviors can be influenced in this process.

Guest Editors

Dr. Wenxiang Li

Dr. Hongyun Si

Prof. Dr. Guangnian Xiao

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
