Special Issue

Sustainable Transportation Systems and Travel Behaviors

Message from the Guest Editors

This Special Issue aims to address these challenges by encouraging the submission of high-quality research that explores the intersection of sustainable transportation systems and travel behaviors. We invite papers focusing on novel approaches, innovative research, and case studies that provide insights into how cities can transition to sustainable transportation systems and how travel behaviors can be influenced in this process.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.
