

Special Issue

Water-Energy Sustainable Urban Development

Message from the Guest Editors

Contributions are invited for manuscripts describing new innovation models, frameworks and findings that may help address environmentally-related sustainability challenges within cities, including:

- Research on sustainable technological challenges and assessments in the water, wastewater, solid wastes areas, including the reduction of ecological and carbon footprints, recycling and reuse of materials and energy.
- Sustainable urban water management, with focus on reuse and recycle aspects and economics and governance aspects. Of interest are innovative approaches and tools available for supporting and delivering sustainable water/wastes management that is inclusive, resilient and adaptive.
- Conceptual and theoretical frameworks illustrating how technical innovation can contribute to enhance the development of sustainable solutions addressing development challenges, including expected climate changes, in cities and megacities.
- Comparative, analytical and empirical studies on projects and initiatives responding to sustainable environmental-related challenges with paradigm innovation approaches.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
