

Special Issue

Psychological Well-Being from the Perspective of Sustainable Development

Message from the Guest Editors

This Special Issue aims to emphasise the importance of building a sustainable and committed community to improve the psychological well-being of individuals. This can be demonstrated by presenting concept papers and empirical studies on this topic. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: health and well-being; social psychology; sustainable development; sustainable communities; social inclusion; co-creation; achievement of SDGs.

Keywords

- psychological well-being
- sustainability
- psychological sustainability
- sustainable communities
- sustainable development

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
