

## Special Issue

# Greening the Atmosphere: Strategies for Air Pollution and Global Sustainability

### Message from the Guest Editors

We proposed a Special Issue on the topic of “Greening the Atmosphere: Strategies for Air Pollution and Global Sustainability” in *Sustainability*. In this Special Issue, we welcome original research articles and reviews.

Research areas may include the following:

- Estimation of global air pollutant emissions based on multiple methods.
- 2. The sustainable development strategies of air pollution control in different regions.
- Economic and social impacts of air pollutant emissions.

We look forward to receiving your contributions.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
