Special Issue

Impacts of Human Activities on Ecosystem Health and Landscape Sustainability

Message from the Guest Editor

This Special Issue seeks novel scientific papers on ecosystem changes and landscape dynamics, aiming to address the complex challenges posed by human activities to ecosystem health and landscape sustainability, and offering a framework for developing strategies that balance human needs with ecological conservation. Especially, but not exclusively, papers on the following topics are welcome:

- Urban Ecosystem Dynamics and Sustainability;
- Afforestation Impacts on Soil Health and Biodiversity;
- Deforestation Patterns and Reforestation Strategies;
- Pollution Mitigation and Ecosystem Recovery;
- Ecosystem Services Valuation and Policy Implications.

I look forward to receiving your contributions.

Guest Editor

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
