

## Special Issue

# Frontiers of Archaeological Studies on Ancient Ceramics

### Message from the Guest Editor

This Special Issue invites papers and reviews dealing with petrographic, micro-structural, mineralogical, chemical, isotopic, and spectroscopic analysis with the aim of solving archaeological issues related to the provenance, production technology, dating, use, and alteration/conservation of ancient ceramic materials.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
