

Special Issue

Advances in Manufacturing Sustainability in the Industry 4.0 Era

Message from the Guest Editors

This Special Issue aims to bring together works of excellent quality in the development of models, frameworks, theories, perspectives, literature reviews, and case studies that indicate the gap found in the literature that gave rise to the work and describe in an exemplary way the methodologies used, as well as the results and main conclusions, constituting a reference piece for scholars and researchers in the near future. You are invited to participate in this project.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
