Special Issue

Sustainability and Innovation in the International Agri-Food Business

Message from the Guest Editor

Despite a growing body of research on sustainability and innovation in general, and in the international agrifood business, this Special Issue calls for new research into sustainability and innovation in the international agrifood business. This call invites research contributions on topics such as, but not limited to:

- Sustainable innovation in global food chains;
- Sustainability and innovation in international agri-food business models;
- Innovation in circular international agri-food companies;
- Sustainability and innovation international agri-food development;
- International agri-food SMEs and sustainability and innovation.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
