

Special Issue

Architecture and Indoor Environmental Quality

Message from the Guest Editors

This Special Issue aims to collect papers on indoor comfort and health. Both reviews and application-specific research papers are welcome. Review papers should present comprehensive reference information and the state-of-the-art in the subjects considered. Information on new building service components or lightening devices available on the market and/or recently developed in the literature would be welcome.

- Indoor environmental quality
- Sustainable architecture
- Indoor thermal comfort
- Acoustic comfort
- Visual comfort
- Air quality
- Building performance
- Energy savings
- Dynamic simulations
- Global and local comfort index

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon
School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
