

# Special Issue

## Architecture and Indoor Environmental Quality

### Message from the Guest Editors

This Special Issue aims to collect papers on indoor comfort and health. Both reviews and application-specific research papers are welcome. Review papers should present comprehensive reference information and the state-of-the-art in the subjects considered. Information on new building service components or lightening devices available on the market and/or recently developed in the literature would be welcome.

- Indoor environmental quality
- Sustainable architecture
- Indoor thermal comfort
- Acoustic comfort
- Visual comfort
- Air quality
- Building performance
- Energy savings
- Dynamic simulations
- Global and local comfort index

---

### Guest Editors

Prof. Dr. Paola Ricciardi

Department of Civil Engineering and Architecture, University of Pavia, 27100 Pavia, Italy

Dr. Elisa Belloni

Department of Engineering, University of Perugia, 06125 Perugia, Italy

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
