

Special Issue

Sustainable Strategies and Approaches in Conservation of the Built Heritage

Message from the Guest Editors

This Special Issue intends to publish original research and review papers exploring sustainable procedures for cleaning, consolidation, and protection of building surfaces and structures. Contributions illustrating the evaluation of application methods, products, post-treatment monitoring and durability based on laboratory tests are welcome. The description of field trials, pilot sites and case studies are also encouraged. Keywords

- Conservation treatments
- Eco-friendly materials
- Surface cleaning
- Consolidation
- Hydrophobic treatments
- Multifunctional coatings
- Anti-graffiti measures
- Monitoring
- Durability
- Cultural heritage
- Sustainable solutions
- Impact on environment

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
