

Special Issue

Building Refurbishment and Urban Rehabilitation for Sustainability

Message from the Guest Editors

This Special Issue focuses on papers that identify and analyze better approaches, tools, assessment models (environment, social and economic), solutions and case studies (buildings and urban areas), best practices analyses and their limitations. Contributors from academia, designers, industry and managers that allow a broad perspective and wide-ranging approaches and discussions on sustainable building refurbishment and urban areas are welcomed. Papers submitted to this Special Issue are of interest to all those involved in area.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
