

## Special Issue

# Building Refurbishment and Urban Rehabilitation for Sustainability

### Message from the Guest Editors

This Special Issue focuses on papers that identify and analyze better approaches, tools, assessment models (environment, social and economic), solutions and case studies (buildings and urban areas), best practices analyses and their limitations. Contributors from academia, designers, industry and managers that allow a broad perspective and wide-ranging approaches and discussions on sustainable building refurbishment and urban areas are welcomed. Papers submitted to this Special Issue are of interest to all those involved in area.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
