The Continuing Value of Civil Engineering Heritage

Message from the Guest Editors

we invite contributions addressing any aspect of the continuing value of Civil Engineering heritage: defining and quantifying what it means, how it comes to be regarded as heritage, and in particular which lessons it can teach us for the benefit of our descendants, both future Civil Engineers and citizens who will use the Civil Engineering infrastructure of the future.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
