

## Special Issue

# Advances of Digital Transformation in the Education Domain

### Message from the Guest Editors

This Special Issue therefore addresses the broader research field of digital transformation in education, with an emphasis on the challenges and open questions yet to be solved and answered related to decentralized systems and distributed ledger technologies. We are searching for original high-quality research articles and the latest advances in the theoretical or practical aspects of the field. The Special Issue will also accept and review articles that have a thorough methodology and results.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
