Special Issue

Technologies for the Efficient Use of Biomass

Message from the Guest Editors

This Special Issue aims to bring together high-quality original research and review articles on critical role of biomass and its use as energy for sustainable development. Contributions should focus on the generation of biomass from microbes including future research prospects. Scientific researchers are welcomed to submit high-quality articles covering:

- Biomass technology for sustainable energy production: Pros & cons
- Modern innovations for biomass to biofuel production from microbial biomass
- Anaerobic digestion as biomass generation
- Biomass residues for sustainable bio-products: Circular bio-economy
- Efficient extraction of biopolymer from biomass

Keywords: Biomass energy; Biofuel; Circular bioeconomy

Guest Editors

Dr. Abdulaziz Atabani

Prof. Dr. Fares AlMomani

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
