Special Issue

Energy Efficiency of the Indoor Environment

Message from the Guest Editors

This Special Issue of Sustainability focuses on, but is not limited to, improving the energy efficiency of the indoor environment to satisfy the needs of building occupants. Therefore, in order to guarantee occupant comfort conditions in future sustainable-energy buildings, this issue will cover a wide range of topics including the adaptable, resilient, passive or active design of buildings; assessment and adaptive control of indoor environmental quality; occupants' influence; the effects of climate change in the built environment; and energy and renewable energy installations.

- building energy efficiency
- indoor environment quality
- occupant comfort
- building energy performance
- building climate control
- HVAC management
- healthy building
- adaptability
- resilient design
- clean energy sources

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
