Entrepreneurial Innovation and Sustainable Growth in the Era of the COVID-19 Crisis

Message from the Guest Editors

With the emergence of coronavirus (SARS-CoV-2) and the rapid diffusion of the COVID-19 pandemic by the end of 2019, the planet has been facing serious problems regarding the health of the population. Consequently, and in a short period of time, health problems have turned into economic and social problems on a global scale, and this new context has created an unprecedented environment of uncertainty. Within this context, entrepreneurship and innovation play an essential role and may decisively contribute to mitigate the negative impacts derived from the COVID-19 pandemic.

To bring new contributions to the sustainable socioeconomic development of countries and regions, and new business models for companies, during and after the COVID-19 pandemic, this Special Issue on “Entrepreneurial Innovation and Sustainable Growth in the Era of the COVID-19 crisis” invites articles on related topics.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
