

Special Issue

Entrepreneurship and the Sustainable Development Goals for the Business-Health Relationship

Message from the Guest Editors

This research topic is particularly interested in manuscripts that offer new perspectives and insights into the relationship between sustainability, business and health, using a psychological lens to look at the framework of the psychology of sustainability and sustainable development. We encourage a focus on: how the 17 Sustainable Development Goals in connection with entrepreneurship will shape the health and productivity of individuals and organizations.

Guest Editors

Dr. Nicola Mucci

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
