

Special Issue

Environmental Impact Assessment and Renewable Energy Technologies

Message from the Guest Editors

The purpose of this Special Issue is to provide a platform for the exchange and publication of research related to renewable energy and environmental impact assessment to help realize the sustainable development of human society and economy. Keywords

- development of environmental impact assessment theory and concepts
- environmental regulation
- life cycle assessment
- carbon footprinting
- energy analysis
- renewable energy systems
- distributed energy resource
- renewable energy policy
- strategy of sustainable development
- big data on energy
- smart grid
- waste battery recycling
- recycling of renewable energy power generation equipment
- development trend of new energy industry
- environmental policy evaluation
- carbon neutrality
- energy system resilience

Guest Editors

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
