

## Special Issue

# In Quest for Environmental Sustainability: Microorganisms to the Rescue

### Message from the Guest Editors

As the guest editors of the special issue of Sustainability (impact factor 2018:2,592; ISSN 2071-1050),

"In Quest for Environmental Sustainability: Microorganisms to the Rescue")

I would like to ask for your contribution. This Special Issue focuses on the role of microorganisms in providing new clean solutions for achieving Environmental Sustainability. We welcome the following article types: original articles, critical reviews, mini-reviews, opinions, research notes, and short communications. In this issue, we aim to provide a snapshot of microbial biodiversity, bioremediation processes, degradation of pollutants, degradation and removal of contaminants as well as crop protection. We also welcome research and review articles on Actinobacteria not only as antibiotics producers, but also as promoters of crop protection and agents for the treatment of pollutants and wastes. Very best regards, Dr. E. Giannoutsou

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Author Benefits

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
