

Special Issue

Financial Sustainability of Companies and Organizations under Globalization

Message from the Guest Editor

The scope of the Special Issue "Financial Sustainability of Companies and Organizations under Globalization" focuses on the financial part of the triple-bottom-line (TBL) model, as well as the relationships that develop with the other two parts. In particular, the current issue aims to identify the determinants of financial sustainability its implications and interactions within the environmental and social sector. Furthermore, possible contagion effects among financial, environmental and social sustainability may be examined thoroughly. Focusing on corporate sustainability, it explores why companies and organizations engage sustainability and what modern growth model they should follow. In the macro environment, the contribution of each country is examined, as well as the interaction between the countries and the contribution of global businesses. Overall, all topics related to social and financial sustainability are welcome. Papers selected for this Special Issue were subject to a rigorous peer review procedure with the aim of rapid and wide dissemination of research results, developments and applications.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
