Circular Economy Approaches and Emerging Business Models Addressing the Food-Energy-Water Nexus

Message from the Guest Editors

This Special Issue seeks contributions on circular economy approaches and emerging biobased business models in the food, energy, and water (FEW) nexus. In particular, we encourage submissions of research contributions, case studies, and review articles related but not limited to:

- System-level approaches to FEW nexus
- Sustainability assessment of FEW nexus systems
- Emerging biobased business models and market dynamics in the circular economy
- Policy analysis related to FEW and the circular economy
- Life-cycle assessments of FEW systems
- Comparative analyses of FEW systems

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
