

# Special Issue

## Fuels for the Future

### Message from the Guest Editors

The purpose of this Special Issue of the journal *Sustainability*, entitled “Fuels for the Future”, is to provide a forum for the exchange of the latest technological information and to enable the dissemination of high-quality research results and the presentation of the latest developments in the fields of production and use of fuels that can contribute to improving the quality of life of society in the context of sustainable development. Papers on new fuel production technologies and new car-powering concepts that would lead to the decarbonization of road transport are welcomed.

### Guest Editors

Dr. Karol Tucki

Department of Production Engineering, Institute of Mechanical Engineering, Warsaw University of Life Sciences, 02-787 Warsaw, Poland

Dr. Olga Orynycz

Department of Production Management, Faculty of Engineering Management, Białystok University of Technology, Wiejska Street 45A, 15-351 Białystok, Poland

### Deadline for manuscript submissions

closed (31 March 2023)

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
