Special Issue

Fuels for the Future

Message from the Guest Editors

The purpose of this Special Issue of the journal *Sustainability*, entitled "Fuels for the Future", is to provide a forum for the exchange of the latest technological information and to enable the dissemination of high-quality research results and the presentation of the latest developments in the fields of production and use of fuels that can contribute to improving the quality of life of society in the context of sustainable development. Papers on new fuel production technologies and new car-powering concepts that would lead to the decarbonization of road transport are welcomed.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
