

## Special Issue

# Sustainability and Green Finance in the Era of Non-Financial Reporting: From Sustainability Reporting to Greenwashing

### Message from the Guest Editors

This Special Issue aims to serve as a platform for further research into the diverse foundations of sustainability, environmental and green accounting, and reporting.

#### Proposed topics:

- An empirical account of sustainability and green financing, and quality of green reporting
- An investigation of sustainability and green financing, and green reporting
- Comparative studies on the regulatory reforms relating to green reporting
- Comparative evidence of sustainability and green finance, green reporting practices, the impact of historical, institutional, and other context-specific factors
- Investigating the role of audit and assurance providers, audit professions, and professional bodies
- Investigating the impact of credible sustainability, green financing, and green reporting information
- Exploring the role of internal business partners towards developing relevant credible and trustworthy sustainability, green financing and reporting information
- Evidence of international illustrations of accounting for green finance for firms, their alignment with achieving sustainable development goals

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
