

Special Issue

Greening Regeneration of Urbanized Waterfronts in Delta River Regions

Message from the Guest Editors

The scope of this Special Issue focuses on the Sustainable Regeneration of urbanized waterfronts in delta river regions, exploring the opportunities of greening adaptative approaches. This Special Issue revolves around several topics, including but not limited to the following:

- Climate change and sea-level rise uncertainty;
- Resilient models for future water cities;
- Social and economic analysis of vulnerable communities in the delta river region;
- Sustainable adaptative waterfront masterplan;
- Planning adaptative green infrastructures;
- Landscape and urban design solutions against rising sea levels;
- Land-use planning, property rights tenure and compensation mechanisms;
- Digitalization tools to support policy making and spatial planning decisions;
- Funding for local authorities;
- GIS and waterfronts adaptation scenarios;
- Cases studies in the delta river region.

Guest Editors

Prof. Dr. Miguel Amado

Dr. Francesca Poggi

Dr. Evelina Brigitte Rodrigues

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
