

Special Issue

High Speed Rail and Tourism

Message from the Guest Editor

This Special Issue provides a forum to discuss and identify new trends and developments in the relationship between HSR and Tourism, with an emphasis also on the economy of a country, where this service exists, and then on sustainability. Some keywords as below:

- State-of-the-art on the relationship between HSR and Tourism (modelling approaches, quantitative, qualitative, etc.).
- New and original modelling contributions on the analysis of the relationship between HSR and Tourism.
- Case studies description.
- Surveys design aiming at investigating the relationship between the tourism and HSR industries. This relationship may also not exist.
- Big data analytics in the tourism and HSR industries.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
