

## Special Issue

# Sustainability: An Impossible Future?

### Message from the Guest Editor

Sustainable Development is widely seen as the only possible solution to current environmental crises. But is it a likely outcome in the current era of capitalist globalisation? What needs to change in the contemporary social order for sustainable development to be realised? What cultural, social or political forces are available to support such changes?

### Guest Editor

Dr. Hilary Tovey

Department of Sociology, School of Social Sciences and Philosophy,  
Trinity College Dublin, 1-3 Foster Place, Dublin 2, Ireland

### Deadline for manuscript submissions

closed (30 October 2009)

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
