

Special Issue

Industry 4.0, Internet 3.0, Sustainability 2.0 - Fostering New Technological Paradigms for Resilience

Message from the Guest Editors

The Special Issue focuses on the way the technology is shaping up the narrative regarding resilience, from risk management (in an operational perspective) to environmental sustainability. The focus is on either technological solutions or shifts in business models, stemmed from innovations, which may lead to an increased resilience in organizations worldwide.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
