

## Special Issue

# Renewable Energy, Energy Efficiency and Sustainable Infrastructures in Smart Cities

### Message from the Guest Editors

Cities are transforming, and the Smart City concept has become a reality. Among the areas that affect the Smart City are energy, efficiency and infrastructure. Energy is interesting in the city, as renewable energy sources can be integrated into cities in a simple way. Energy efficiency is a vital process in all areas of science, so the city must integrate highly efficient systems and processes. Therefore, this Special Issue expects papers that are based on the topics mentioned above, which can be systematically summarized as follows:

- Energetic efficiency and sustainability;
- Infrastructures, energy and the environment;
- Mobility and IoT;
- Governance and citizenship.

### Guest Editors

Prof. Dr. Luis Hernández-Callejo

Department of Agricultural and Forestry Engineering, University of Valladolid, Campus Duques de Soria, 42004 Soria, Spain

Prof. Dr. Sergio Nesmachnow

Instituto de Computación, Facultad de Ingeniería, Universidad de la República, Montevideo, Uruguay

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
