Special Issue

Sustainable Innovation Strategies and Capabilities

Message from the Guest Editors

The aim of this Special Issue is to generate new ideas regarding capabilities that might stimulate sustainability-oriented innovations. Topics for the Special Issue should combine aspects of sustainability, innovation and (dynamic) capabilities and might include, but are not limited to:

- Internal/external capabilities, dynamic capabilities, organizational capabilities, collaborative capabilities etc. related to SOIs
- Influence of ownership and capital structure on SOI related capabilities
- Influence of company size, sector affiliation on SOI related capabilities
- Different forms of innovations (process, organisational, services, open etc.)
- Eco-innovations and related capabilities
- Social innovations and related capabilities
- SOI innovation ecosystems and related capabilities
- Concepts related to SOIs

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
