

Special Issue

Innovations in Small Businesses and Sustainability

Message from the Guest Editors

Small businesses today face an increasing number of challenges. The topic of sustainability is one of them. The Network for Business Sustainability reported a number of challenges that smaller firms see in conjunction with sustainability, like how the benefits of sustainability activities can be quantified. In this Special Issue, we welcome papers that address, but are not limited to, the following research topics about innovations in small businesses and sustainability:

- Sustainability and its importance for small businesses
- Environmental sustainability and innovations
- Economic sustainability and innovations
- Social sustainability and innovations
- Sustainable strategies for small businesses
- Assessment of sustainable activities in small businesses
- Role of innovation in small firms' business sustainability
- Assessment of sustainable innovations
- Responsible innovation and its impact on business sustainability
- Sustainable innovations in small businesses for improved relationships with different types of stakeholders

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
