

## Special Issue

# Landscape Analysis, Planning and Regional Development

### Message from the Guest Editors

The special issue welcomes papers addressing innovative approaches and frameworks in the landscape analysis, planning and regional development fields; papers focusing on new methodological and technological challenges for combining development, social, environmental and economic sustainability, and landscape protection and enhancement; papers addressing the analysis of territorial challenges and the identification of innovative site-specific territorial policies aimed at multi-level, multi-sectoral and evidence-based regional development, from cities to rural areas, at various territorial scales; papers about the evaluation of the impact of Landscape Planning and Regional Development policies and plans for urban and rural development, support to policy making and decision making. Papers can also focus on relevant territorial or subject-based case studies, comparative studies, studies using multidisciplinary, interdisciplinary and transdisciplinary approaches, integrated approaches considering the various landscape features and the various interconnected processes and actors, participatory processes and experiences involving different actors and sectors.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
