# **Special Issue**

# Sustainable Integrated Planning of Positive Energy Districts

# Message from the Guest Editors

Collaborative governance for open innovation:

- Identification of public-private partnerships which enable value creation in complex urban environments
- Actor understanding and meaning of coordination and cooperation in "collaborative governance" structures towards Positive Energy Districts
- Influencing factors that lead to collaborative governance

Temporal impact of knowledge continuation from early planning processes to implementation

- Impact of diverse actors/practices understanding of ideas for PEDs from planning to implementation
- Key stakeholders who ensure knowledge continuation from one phase to the next and the impact of forgotten knowledge
- Types of participation processes and methodologies enabling future users of districts to participate in integrated (energy) planning for PEDs

Participatory processes for engaging diverse stakeholder interests

- Scope for facilitation of a permanent participation processes in urban development on district level
- Motivation and incentives of participation processes for organizations, society, and individual stakeholders

# **About the Journal**

# Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

### **Author Benefits**

# Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

# **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
