

Special Issue

Port Strategy for Sustainable Development

Message from the Guest Editor

For this Special Issue in *Sustainability*, I am calling for papers on research into circular strategies and sustainable (business) models for ports. Theoretical as well as empirical, and quantitative as well as qualitative contributions are welcomed. Ultimately, proposed papers for this Special Issue may cover a broad range of strategies and policies, as long as the focus is on supporting ports and port authorities in their circular transition.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
