

Special Issue

Towards Sustainable and Innovative Development in Rural Areas

Message from the Guest Editor

This Special Issue includes and welcomes original research that enhances our level of knowledge on critical aspects affecting **sustainable and innovative development** in our rural areas, with a particular focus on the following: **a) Processes of change in rural areas**, in strategic fields such as new business models, changing labor markets, public infrastructures and innovative transport and social services, etc. **b) Cross-sectoral rural-urban relationships**, based on and including flows of goods and services, extended labor markets as well as other relationships based on funding or social interactions. **c) Territorial or socially innovative governance schemes** taking into account the role of different groups of stakeholders, empowerment and the role of civil society, cross-sectoral governance mechanisms, etc. **d) Policies and strategies** aimed at the sustainable and innovative development of rural territories.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
